HAND DRIVE.

Year: 1931

Chassis no: 226AJS

Registration:

HRP31H (German).

Price: SOLD

### VEHICLE DETAILS

#### ADDITIONAL INFORMATION / SERVICE HISTORY

1931 Rolls Royce Phantom 2 All Weather LHD by Alexis Kellner of Berlin

Chassis number: 226AJS

Registration number: HRP31H (German).

A very unusual & rare car being ordered from new by one Mr Schmidt of Switzerland in Left Hand Drive configuration. The car was shipped in 1931 to Coach builder Alexis Kellner of Berlin, not to be confused with his namesake from Paris. Kellner produced a magnificent all weather cabriolet body that we find on the car today. I have never seen another phantom with a German made body & this is almost certainly a unique example from Kellner.

The car has had major works undertaken to its engine over the years including a new head being fitted. As a result it runs beautifully & silently. Paintwork is older primrose yellow over Black, presenting well & in good order.

To the interior is original brown hide that has stood the test of time well. The interior woodwork has been removed & refinished & is absolutely beautiful as a result; highly figured & mirror polished. A new Black mohair hood has also been fitted. Carpets are well worn original items. The cabriolet Body with bench seats allows seating for 6 people & has a large luggage stowage area behind the rear seat.

The hood is a spring loaded affair & has a distinctly Mercedes like appearance to it from the rear. A hood bag clips on to cover the ensemble when in the down position. I have to stress how well this car drives. The centre gear change falls naturally to hand & is a paragon of smoothness. The steering is power assisted & is light & direct & the whole car driving exactly as a phantom ought. The car is located in Germany south of Hamburg & may be viewed there by prior appointment.

Assorted correspondence dating to the 1950's & 1960's from Rolls Royce to the then owner comes with the car.
