ADDITIONAL INFORMATION / SERVICE HISTORY

2014 BMW 730 LD

Just 14,000 miles from new & in brand new condition. This is the highest spec flagship 7 series we have ever had & cost around £80k when new. It is a long wheel base model with rear entertainment & a plethora of other extras far far too long to list but we will do so regardless.

The car is finished in pristine Milano beige metallic paintwork with beige nappa leather throughout the interior. Simply put it looks, smells, drives & feels like new. Being a low wheel base example it has acres of room to the rear & is comfort personified.
