### ADDITIONAL INFORMATION / SERVICE HISTORY

1998 Renault Sport Spider

15,000 Miles

Full Service History

Never Tracked

This 1998 Renault Sport Spider comes to us with 15,000 full serviced miles. Number 16 of 1800 cars produced only 100 were RHD.

The idea for the Renault Spider was formulated in the early 1990s: in the midst of a revival after a difficult second half of the 1980s, Renault wanted a car to promote it as a sporting brand (similar to the Renault 5 Turbo from a decade earlier). The Spider was intended to both serve as a racing car, in a one-make series organized by Renault, and as a road car. The first prototypes for Project W94, as it was known at the time, were completed in mid-1994 and a concept version was presented to the public at the Geneva Motor Show a year later. The car went on sale in early 1996, assembled at the Alpine factory in Dieppe. Left hand drive versions were first produced with an aeroscreen device the same as the race cars. In 1997 a version

with a full glass windscreen and wiper was made available. Approximately 1800 cars were produced through 1999. The UK market only imported the windscreen version and 100 right hand drive cars were produced. The Spider was the first ever road car badged as a Renault Sport and the Brand name has subsequently been used for all high performance Renault cars that are developed by the Renault Sport division which is a separate company with the Renault-Nissan Alliance.

This Renault Sport Spider has been fully serviced and maninted to the highest standard. We have a huge ammount of paperwork of bills and service history.

Office 01375 379719

Richard Biddulph 07967 260673
