VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1959 Jaguar XK150s 3.4 Litre DHC Left Hand Drive

Chassis Number: T838092DN

Registration Number: 468XVD

An Immaculate Matching numbers Jaguar XK150 3.4S Manual Drop Head Coupe in its original colour scheme of Black over a red leather interior as confirmed by a Jaguar Heritage Certificate. A full restoration file comes with the car.

This car was purchased in the USA as a low mileage example having covered 56,000 miles at the time of purchase. It was then subjected to a nut & bolt restoration prior to living at the current owners Arizona home. The car comes with his Arizona License Plate. The car was then bought back to the UK when we sold it to an Irish Hotelier who kept the car at his Provence property near Avignon seeing sparing but regular use. The speedometer was zeroed out at restoration & indicated that the car has done less than 200 miles since completion. Less than a thousand more miles have been added to the total since acquisition a couple of years ago.

This again is a difficult car to fault as it is pristine in condition right down to the

original tool kit in the boot. The triple Carb engine runs beautifully with a typically Jaguar crisp note. The car sits on brand new chrome wire wheels & has had all other brightwork re-chromed as part of the restoration.

It is always a great pleasure for us to sell a beautiful car that needs no excuses & wants for nothing. The car is still in St Remy near Avignon on UK plates. It may be purchased as it where is, but we will be repatriating it to the UK as soon as we have a trailer coming back from the south of France on an empty leg.
