All chassis components blasted and plated

Suspension re-bushed etc

I believe this car is probably one of the best available and a pleasure to drive with the sensible modifications. The car simply put wants for nothing. Far more has been spent upon it then the asking price & it is totally sorted & a wonderful car to drive with no rattles or creaks whatsoever; a testament to the quality of the restoration.

Please be sure to see the underside pictures of the car which give you an idea of the level of detail gone to during the restoration.

The car is finished in Jaguar Pacific Blue with a tan interior.
