VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1957 Rolls Royce Silver Cloud 1 Convertible Adaptation

Chassis number: SED57

Registration Number: M69696 (Danish).

Restored by noted experts in the conversion field Wildae Restorations. This Rolls Royce silver cloud 1 in in simply lovely order having been converted at vast expense in the late 1990's for a channel Islands resident. A huge file of bills comes with the car covering both the early history of the car & more recently the conversion by Wildae who did a magnificent job. A file of photographs showing the conversion process comes with the car.

The Paintwork is Tudor red & in immaculate condition. The current owner has had the car for a decade or so keeping it in a heated garage for summer use only. To the interior is tobacco coloured leather hide piped in red. All woodwork is in brand new condition & is of highly figured burr walnut extending also to the rear picnic tables. Such is the quality of the restoration that the car has won a number of prizes & awards at different car shows. The hood is a beige mohair unit which glides up & down at the touch of a button.

The car is like new mechanically with a silent smooth engine & seamless gear changes. It has been looked after without regards to cost. The car come with Danish Paperwork but also comes with its old UK V5c document. The engine bay is pristine in appearance & looks showroom new as might be expected.

Viewings are in Odense 80 miles west of Copenhagen. Alternatively we can send transport to bring the car back to the UK. Perfection needs but few words.
