VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1935 Mercedes Benz 500K Cabrio C

Chassis Number: 207414

Registration Number: AD-41-60 (Portugal.)

The 1935 Paris Show car. This is one of a batch of 25 Right Hand Drive cars & was sold new at the Paris show in 1935. History does not relate to whom but very likely it would have gone to England due to the RHD configuration.

This car has just been to a German compressor Mercedes specialist near Munich & had Euros 100,000 spent upon it to put it in perfect tip top mechanical condition.

The current owner purchased this car in 1998 at the Pebble Beach auctions & it was noted in contemporary newspaper articles as being the most expensive car auctioned during Pebble Beach. Since then it has remained as one of the star exhibits in a prominent collection in Portugal. During this time it has been run 20kms every month & also used to attend a variety of car shows & participate in a number of rallies.

The car is finished in a fetching mid blue over pale grey colour scheme with the paint

being in good order having withstood the test of time very well. To the interior is lovely light grey leather piped in blue which again is in excellent condition. A lined blue mohair hood completes the look. This is a car that has been maintained without regard to cost & used sparingly yet regularly.

Coachwork is by Sindelfingen & takes the form of a desirable cabriolet C with comfortable seating for 4 people. Lowering the roof is a simple affair involving releasing 3 over centre locking catches. The car is equipped with dual side mount spare wheels & also a centre spot lamp along with twin trumpet horns.

This is a grand car to drive with massive presence in the road & is the be all & end all of pre war Teutonic motoring being simply spectacular in appearance. Viewings are by appointment in Lisbon.
