Mileage: 98000

Vintage and Prestige is proud to offer one of German finest machines; this excellent example of BMW 840ci, presented in Artic Silver Metallic and black leather interior.

The BMW 840ci E31 is incredibly stylish & a car with Carisma, a statement, the design having a class leading aerodynamic coefficient (Cd=0.29). The influence of various cars is clear in the design of the BMW 840 E31, but everything it's perfectly balanced and well blended in making it easy on the eye.

The true essence of a GT car, the BMW 840ci is comfortable, has plenty of space for luggage and is fast. Very fast.

This particular BMW 840ci E31 comes equipped with the better M62 engine, paired to the 5 speed automatic gearbox. The M62 engine is a 4.4 V8 petrol engine with the same power output of the M60 engine (286bhp) but with considerably better consumption.

This BMW 840ci features heated seats, 2 zone climate control, electric seats, sunroof, ASC traction control and CSI mirrors & much more.

Due to the low production numbers (circa 3000 840ci M62 E31 were made) not many had the pleasure to enjoy and experience one of these cars making it quite exclusive for the discerning clientele. The V8 engine is considerably lighter than the V12 models without noticeably different performance, but with better handling.

The experience of driving a BMW 840ci E31 begins when sitting inside, the amazing feeling of sitting in a cockpit rather than a car. Everything surrounds the drive. It is a car made to be driven and it clearly shows in every detail.

The BMW 840ci is definitely a milestone for every car enthusiast and each and everyone of us should at least once experience the pleasure of owning one, the sound, the handling, the speed, is truly a masterpiece of automotive engineering and a timeless piece that will complement any collection.

This fantastic BMW 840ci it's ready to be seen and driven away from our showroom in Northampton
