VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1997 Bentley Turbo RT

Chassis Number: SCBZP23C0WCH66277

Registration Number: R158PJW

Just 14,754 Miles from new & as close to perfection as you can find. This Turbo RT was delivered new in December of 1997 & presents as new having been barely used.

The car is finished in black garnet mica which looks black at night but has a purple hue when seen in sunlight. To the interior are Sandstone hides with wildberry piping & dash top roll. Burr walnut was specified for all interior woodwork.

The car comes with a good set of recent bills showing it has been carefully maintained. It also spent some time in the Jaguar Heritage collection until that was disbursed. The current owner searched long & hard to find simply the best available example he could find. I would be surprised to find one with lower miles than this example.

In addition to the books & service bills is a remote for the sound system so it may be operated from the rear seats. There is also a telephone located in the rear passenger armrest. The factory demo tape & CD also come with the car. When new the car was supplied with a second battery mounted in the boot. Pushing a boot mounted button allows the user to switch between the two.

The car was serviced this year just 200 miles ago so is bang up to date & ready to be used.
