Registration Number: YH03FCT

Under long term single ownership from 2003 though 2023. We just took this vehicle in part exchange against a 6,000 miles from new Corniche which will sit next to the sellers new EWB Phantom.

This Azure is one of just 15 RHD examples made & comes to us in impeccable condition with 10 main dealer service stamps in the book & MOT/Service history to back up the very low miles of 9781 to date which will increase slightly during its stay with us. The car has just been to noted marque specialists Frank Dale & Stepsons for a full service, going though & a set of brand new tyres to put the car in tip top order with some £5,000 being spent. Clearly it has been maintained without regard to expense throughout its life.

This is a very high spec Mulliner edition car. It was special ordered in royal blue metallic which presents flawlessly having been always garaged. The car is equipped with Mulliner wing badges, Lambswool Floor mats, an Alpine Audio/nav system with MP3, Drilled brake pedals, wing verts, Dark Burr Walnut interior trim, Hub cap badges in blue & Diamond quilted hide door trim. The magnolia leather to the seats is in beautiful condition as is indeed the whole car with perfection needing

but few words.

Under the bonnet the car is pristine in & in like new showroom condition. The engine fires up readily & provides effortless high performance when in sport mode & very relaxed seamless cruising when not.

The Bentley Azure Final Series is a limited edition of the Bentley Azure Mulliner from model year 2003. This series was commissioned as a tribute to the cars that had marked Bentley's release from Rolls-Royce's benefaction.
