### VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1937 Derby Bentley 4.25 Litre Park Ward DHC

Chassis Number: B-123-KU

Registration Number: ELC323

The very last Park Ward Drophead Coupe to be manufactured to this design. This car has been subject to a nut & bolt full restoration encompassing every aspect of the car. It comes with a full set of photographs for the work undertaken & massive bills with close to a quarter of a million pounds reputedly spent.

The car is being sold due to the demise of the Gentleman who commissioned the restoration. It is being sold on behalf of his widow for a fraction of the money invested in it.

The body has been off the car & all rotted woodwork replaced in the correct ash framing identical to the original design. The engine & drive train has likewise been totally rebuilt with Marque specialists Ristes of Nottingham taking care of the specialist engine machining.

The car is in stock with us now. Just a few hundred miles have been completed since the restoration finished so the engine is still in the process of being carefully run in.
