Registration Number: HS19VUH

A really nice example taken in part exchange from an old man who clearly babied the car & looked after it. This has never been used as a work vehicle & the condition shows it. The Pickup truck comes to us with recently fitted tyres all round has also had new front brake pads rear drums fitted. The orange paintwork is gorgeous having been mostly garaged when not in use. The interior again is very tidy with leather to the seat edges & hard wearing nylon to the seat middles.

An assortment of bills come with the car showing the yearly incremental mileages up to the current 33,850 which will increase slightly whilst we have it in stock. The car is fitted with an unmarked bed liner, a locking slide shut cover over the bed & side steps for ease of entry.

The car has been freshly serviced so is absolutely ready to go. It drives beautifully & is real pleasure to use. It comes to us with both keys & all its original books. The vehicle is also security coded & marked to guard against theft with ISR international

whoms paperwork & QR code for the car comes amongst the paperwork.
