Simply put this vehicle is of the highest specification & comes to us with just 36,000 miles from new but this will inrease whilst in stock as we are using it. it has unmarked alloy wheels shod with 4 excellent tyres all rount & an unused full size spare in the boot.

EWB examples with low miles & the all important powerful diesel 4.4 litre V8 are almost impossible to find & fetch a substantial premium over the troublesome lesser v6 models.

The range Rover is booked in for a full service prior to sale. All prior services are with Landrover main dealers.
