2003 Bentley Azure final series Performance.

Vin Number: SCBZK26EO3CH01193

Registration Number: P23AJG

43,000 Miles from new & coming to us with a full & comprehensive service history; the late owner of this car maintained it without regard to cost & it is now for sale due to his passing. This is a very rare car being one of 15 RHD final series models with the higher performance engine.

This car is in simply pristine condition throughout having always resided in a garage. The Metallic silver paintwork is unmarked & beautiful. To the interior is cream quilted leather again in wonderful condition along with nautic blue carpets. The blue hood is also in excellent condition & glides up & down at the touch of a switch. Dark mirror polished burr walnut completed the ensemble.

Under the bonnet the story continues with a show quality engine bay looking factory new. Being a final series car it benefits from increased Horsepower with serious performance on tap when required. The last service was done in July of 2026 just a few hundred miles ago. The car sits on four unmarked alloy wheels shod with recent tyres.

Simply put: A well maintained rare car in like new condition & ready for immediate use.
