Vintage & Prestige are proud to offer this rare Mini Cabriolet.

This 1994 Mini Cooper 1.3i is one of the few hundreds of minis that came from the factory specced as convertibles. The roof is manual and goes up and down with a single movement.

Finished in pearl white with a burgundy roof and red leather interior, this Mini Cabriolet presents itself beautifully, having spent most of its life in a garage, as it was driven only by the lady who owns it. It was a present made to her a long time ago by her husband, and it's now time to find a new home for the Mini as it's not being used as much as they would like to.

Starts on the button and drives exactly as a Mini should, with some upgrades all around, like wider tyres, braided brake lines and upgraded suspensions.

You can hardly beat the pleasure of having the classic feel of a Mini with all the pleasure of a cabriolet.

The car will soon be put through an MOT and be ready to go on the road. A spare set of original alloys comes with it too.

Ready to be seen and driven away in our showroom in Northampton.
