1992 Bentley Continental R

Ordered new by the late business tycoon Tiny Rowland of Lonrho Group (registered to him at his Chester Square address in London), this car has covered just 42,000 miles from new & was supplied by us previously some years ago to the current owner. It shares garage space with an assortment of exotica & also a Continental T & thus has had few miles put on it during the current ownership whilst being well maintained. Indeed the car comes with a large history file & we will add in the most recent bills when we have a chance to photograph them

The car is finished in unmarked metallic silver paintwork in great order as it has been garage kept. To the interior is black leather in great condition along with lashings of traditional highly figured burr Walnut.

Equally tidy under the bonnet the car is in superb order throughout & drives exactly as one would expect with a cossetting ride & seriously performance when required.

We handle quite a few of these but rarely get a nicer one.

Viewings are by appointment near Alderly Edge south of Manchester.
